Trip Overview

The people who want to visit Chitwan national park but don't have enough time, we offer **1-night 2-days package Chitwan**, which are as follows: visit to local village, elephant stable, park museum as well beautiful view of sunset from river bank and life time experience in jungle on Elephant back and chances to see many animals like rhinoceros, sloth bear, 4 different kinds of deer, wild boar and crocodile in jungle river.

Chitwan National Park [Jungle Safari tour](#) is best for the one who wants to explore the rich wildlife of Chitwan in a short period of time.

In Nepal's southern region, the [Chitwan National Park](#) jungles await you with like no other wildlife experiences. This **1-night 2-days package Chitwan**, go in search of the majestic Royal Bengal tiger and watch the Greater one-horned rhinoceros roam free as the great Asian elephants wander about the herd jungles. The closest and best place to go for a [wildlife safari](#) is the Chitwan National Park.

Chitwan National Park: Weather and Climate

[Chitwan](#) has a tropical monsoon climate with high humidity throughout the year. The area is located in the Himalayan central climatic region, where monsoon begins in mid-June and begins to relax in late September.

Most of the 2,500 mm average rainfall occurs during these 14-15 weeks-it is pouring with rain. The monsoon clouds have retreated after mid-October, humidity decreases, and the average peak

temperature slowly decreases from $\pm 36^{\circ}\text{C}/96.8^{\circ}\text{F}$ to $\pm 18^{\circ}\text{C}/64.5^{\circ}\text{F}$. Nights cool down to $5^{\circ}\text{C}/41.0^{\circ}\text{F}$ until late December, when for a few days it normally rains gently. Then temperatures slowly start to rise.
